

Smart Calcium Boost

Made to eliminate Calcium deficiency in cattle

Showcasing **Smart Calcium Boost**. Our supplement provides an advanced solution to correct **calcium deficiencies** in lactating cattle, supporting **milk production** and **skeletal health**. Our blend features **highly bioavailable calcium**, and all essential co-factors, particularly **25-hydroxycholecalciferol (25(OH)D3)** for enhanced calcium absorption and milk fever prevention. Add **50–100 grams** to the daily feed, adjusting as needed. Calcium Boost promotes **strong bones**, improved **milk yield**, and overall well-being, helping your cattle reach their maximum potential.
